JUSTICE ISREAL AGBONMA

Software Engineer

Atlanta, Georgia, United States

Mobile: +1-404-990-7052   **Email:** Justiceyba@gmail.com   **Website:** *justiceagbonma.com*   **Github:** *github.com/JusticeIsreal*

CAREER OBJECTIVE

As a skilled Software Engineer with a track record of over 5 years, I excel in crafting robust web and mobile solutions. Proficient in a comprehensive range of modern technologies and frameworks, including HTML, CSS, JavaScript, TypeScript, React Js, React Native, Node.js, and more, I have successfully led projects resulting in a 50% boost in app efficiency, heightened user satisfaction, and a 15% improvement in SEO. Notably, I achieved a 10% reduction in consumer costs. Eager to contribute my technical expertise to a dynamic team, I am poised to make impactful contributions to innovative projects and drive organizational success.

PROFESSIONAL EXPERIENCE

Lead Software Engineer
full stack engineer   (March, 2022 - Present)
frontend engineer   (July, 2020 - Feb, 2022)
StringCode Ltd.
- Managed a team of 2 Designers and 5 developers to design and develop user interfaces for various web and mobile applications using JavaScript, Typescript , Next js, node/express js and mongoDB.
- Collaborated closely with a team 2 designers and 4 developers to ensure consistent and appealing mobile app deployment using react native.
- Utilised Next js and other modern frameworks to create dynamic and performant web applications and increase SEO by 15%.
- Implemented APIs and data handling mechanisms for improved data management and retrieval using React. js Node js, and express js.
- Implementation of API-first development, ensuring seamless integration with web and mobile applications using agile methodologies.

Frontend Engineer
Glumia Solutions.
Oct 2021 - Oct. 2023
- Collaborated with a team of 4 to Developed robust and highly performant iOS and Android mobile applications using React Native.
- Leveraged React js to create web applications from scratch, demonstrating expertise in this technology.
- Utilised various testing and experimentation strategies in web and app development.
- Applying a comprehensive grasp of application lifecycles with a focus on precise implementation.

Frontend Developer / Scrum master
Bazebo ng.
Mar 2019 - Aug 2021
- Designed and developed intuitive user interfaces for web applications using JavaScript, TypeScript, React js, Next js HTML, and CSS.

Tech Lead Software Engineer (contract)
VisionVoice Inc / Tertiary Education Trust Fund Tetfund
Jul 2022 - Dec 2022
- Collaborated closely with a team of 5 to empower 200 university ICT professors with essential tools and knowledge to revolutionise the technology landscape in Nigerian tertiary institutions.
- Created visually appealing and user-friendly interfaces for web applications, optimising user experience.
- Mentored and guided 30 underprivileged software engineering candidates, assisting with data structures and algorithms.
- Utilised React.js to build efficient and reusable components, resulting in streamlined development processes.
- Conducted thorough testing and troubleshooting to ensure high-quality and bug-free applications.
- Led comprehensive training sessions across 3 major geo-political zones on critical subjects such as Database Management, Web Development, and Internet of Things.

EDUCATION & CERTIFICATION

- **Marine Engineering (BSc)**
  Maritime Academy of Nigeria.
  2014-2019

- **Software Development**
  (LocTech Institute of technology)

- **Scrum Fundamentals Certified**
  (Accreditation Body for Scrum and Agile Methodologies)

- **Master Project Manager.**
  (International Project Management Board)

- **IBM Engineering Systems Design.**
  (IBM)

SKILLS

- Active collaborator.
- Problem-solving and analytical thinking.
- Collaboration with technical and non-technical stakeholders.
- Excellent verbal and written communication in English.
- Proficient in modern tech and frameworks.
- Innovative software development.
- Strong debugging and troubleshooting skills.
- Quality assurance and app testing.
- Agile and Scrum methodologies.
- Database design and management.
- Version control with Git and GitHub.
- UI/UX design principles.
- Cross-functional team leadership.
- Mentorship and team development.
- Project management and delivery.

TECHNOLOGIES

HTML & CSS, Bootstrap, Tailwind, Scss , JavaScript , Typescript , React js , Next js , React Native , Redux , Firebase, Node.js , Nest.js , Express.js , MySQL , PostgresQL , GraphQL , MongoDB , Redis , Git + GitHub , Jira ,Ms word, Ms Excel, Corel draw, Draw.io , Autodesk Inventor, AutoCAD.

PERSONAL PROJECTS

Commercial Solutions
- My team and I collaborated closely with 10 local businesses to understand their needs and tailor solutions accordingly.
- Developed and launched e-commerce platforms for small retailers, enabling them to expand their reach and digital presence thereby increasing sales by 40% .
- Utilised technologies such as Typescript, React.js, Firebase, Node js and MongoDB to create user-friendly interfaces with seamless payment integration to user experience by 50%.
